

In December [BeachPatrol](#) was invited to be a part of the [All At Once](#) community groups at the Jack Johnson concert in Melbourne. Jack's social action network [All At Once](#) is where you can get inspired and connect with nonprofits in the community, those who promote all the good things, such as sustainable & equitable food systems, plastic free initiatives, healthy watersheds and more.

As a part of the event, All At Once kindly donated us two Jack Johnson tickets to use in a giveaway to our lucky volunteers. We ran a [LitterStopper](#) competition where you get a chance to win for every [LitterStopper](#) data entry you completed within the competition time frame. Our lucky winner was Nadia from 3207 Port Melbourne BeachPatrol. Congratulations Nadia, we caught up with Nadia at the concert.

Our stall space in the Village Green before the show was a big success, engaging with concert goers, giving them information about BeachPatrol, Love Our Street and [LitterStopper](#).

A huge thank you to Melissa the group manager of 3184 Elwood BeachPatrol who worked with Jaqui from 3198 Seaford BeachPatrol. Melissa did a fantastic job, especially her amazing work with all the social media posts! A huge thank you to Melissa and her incredible skills! The event was useful to help promote and raise awareness of BeachPatrol and [LitterStopper](#) and increase our community engagement.

Group Managers Melissa from 3184 Elwood and Jaqui from 3198 Seaford BeachPatrol with competition winner Nadia from 3207 Port Melbourne BeachPatrol.
